Fifth Annual Cornell Scott Memorial Golf Classic is Greatest Success to Date

Attracting its largest crowd yet, the Cornell Scott Memorial Golf Classic raised more than \$38,000 at the fifth annual tournament held on Aug. 23, 2010 at Lake of Isles at Foxwoods Resort Casino. The golf classic brought in more than \$10,000 than last year's event making it the most successful tournament to date. Proceeds from this year's tournament will be used to advance, support and promote programs and activities that improve the health status of people living in Connecticut.

The tournament will return to the top-rated Lake of Isles at Foxwoods Resort Casino on Aug. 22, 2011. As always, golfers will not only be able to play on the private south course, but they will also be able to take advantage of its 50,000 sq. ft. clubhouse, state-of-the-art indoor and outdoor practice facility and its locker room facilities, all in addition to Troon Golf's superior service and impeccable course conditions.

Save the Date: August 22, 2011

NEW for 2011

- State-of-the-art GPS golf carts
- On screen individual and team scoring
- GPS yardage and flyover view of each hole from the tee box
- On cart beverage cart button with on screen menu
- On screen feature that gives each team's position in the game
